KNIT

Knit fabric is one of the Renaissance Group's integral fabrics to maintain flexibility. The key statistics of our knit fabric are producing 7 million pieces per month with a fabric capacity of 30,000 KG per day. Our total exports in the year 2018 were 200 million USD and our number of production units was 5. Being a lead gold-certified in this sector, our dye house contains a capacity of 20 tons of finished fabric per day.
